It's been a very hot, dry summer! Please do not park in tall grass, there's a very high risk of starting a fire!

Medicine Hat is home to wasps, rattlesnakes, black widow spiders and scorpions. Please take appropriate precautions while caching. Other dangers to be aware of include: cougars, cactus, thistle and wild rose bushes. This year we have an increased threat of coyotes, please keep small children and dogs near you at all times. The weekend is scheduled to be hot; please stay hydrated. Keep plenty of water with you.

COIN:

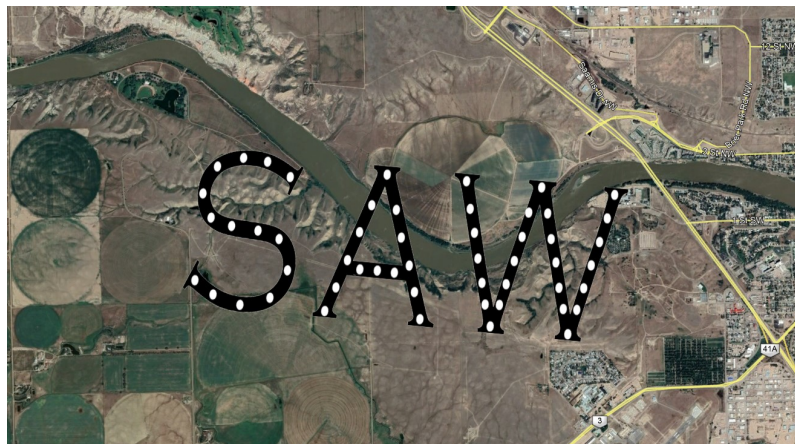

Planning for the new SAW X coin began the week after SAW IX ended. We decided to reflect back upon the designs of years past and to make a collage of all those coins. The back side of this coin represents where SEARCH has taken the Southern Alberta Weekend in the past 10 years. Only a limited edition run on these commemorative coins was ordered. Price is \$20, available at the Welcome, CARMH and CITO Events. Get yours before they're gone!

GEO-ART:

New Geo-Art for SAW X. Power Saw has placed 53 caches between Gas City Campground and Echo Dale Park. Caches 1 thru 14 are a higher terrain as they're down along the river. Caches 15 thru 53 are easier terrain, mostly along the trail system between the 2 parks. Hope you enjoy them!
